Wheelwright Fights Hard But Looses

On October 11, Pikeville met Wheelwright in the fifth game of the season. The game was played on the home field and both towns were well represented by fans.

The game was held up until 8:45 because the referees failed to arrive.

In the first quarter both teams started off fighting hard, but soon the Wheelwright team, showing speed and accuracy with their passing broke through the Pikeville defense and made the first touchdown of the game.

In the second quarter it looked like a close ball game. However, with excellent blocking and tackling in the Pikeville line, Smiley reached the goal line and plunged over for a touchdown, making the score 6-7.

After the half Pikeville scored two touchdowns with Estill and Denzil carrying the ball.

Then in the last few minutes of the game the Panthers went over for two more touchdowns, winning the game with a score of 34-6.

The next big game will be with Belfry Friday night.

THREE TEACHERS ADDED FACULTY

Due to the draft, matrimony and the medical profession several changes have been made in the high school faculty for this year.

Mrs. Lenore B. Farley, formerly of Belfry, is teaching four classes in typing and one in Business English in the business department. She received her A.B. degree in Education from the University of Kentucky. She graduated in 1937 and has taught at Belfry for the

ASSEMBLY PROGRAMS BEGIN ON THURSDAY

On Thursday morning, at 10:30, the first of the fall and winter lyceum programs will be given.

The man with the magical mind, Herbert Neefe, will put on a program packed full of fun and facts from figures. He will tell you your age, month, the date of the year and the day of the week you were born, or the day of the week of any date in history. He will explain methods of memory, and mental telepathy.

past three years. She is taking the place of Mr. Collins who was drafted into the army.

Mrs. Genevieve Hayes, the Home Economics teacher, received her B.S. degree from the University of Kentucky. She graduated in 1940, and has taught at Prestonsburg High School, and the Harold graded school. Mrs. Baird, who held this position last year, has gone to join her husband in Washington, D.C.

12 students below that of last year.

The Senior Class, although not the biggest in the history of the school, has 94 members--36 of them boys and 58 girls. The Juniors have 96 students with 34 boys and 62 girls. The Sophomores have 138 members with 62 boys and 76 girls. The Freshmen have 133 students with 66 boys and 67 girls. There are 19 special students in the business department.

It will be noted from the enrollment of the boys and girls in the high school there is a tendency for more boys than girls to drop out of school. In the freshman year the boys and girls are practically half and half, but in the sophomore year there is a tendency for the percentage of boys dropping out to increase as 55 per cent of the students are girls. In the junior year 64 per cent of the students are girls, and in the senior year 62% are girls.

The Junior High School has a total enrollment of 178. There are 84 eighth graders, 41 boys and 43 girls; in the seventh grade, 94 pupils, 51 boys and 43 girls.

P.T.A. ASSOCIATION WILL HOLD MEETING TUESDAY

The P. T. A. of the Pikeville City Schools will hold its regular meeting on next Tuesday evening, Oct. 21. Supt. C.V. Snapp of Jenkins will be the speaker.

Paper Staff

Members are being taught to do Art Work and Type Stencils.

The staff of the Pike Hi News has new quarters in which to work this year. All the mimeographing equipment has been moved to the first floor office in the grade school building and the staff meets in this room every afternoon from three to four o'clock.

There are eleven girls taking an active part on the paper. They are Burdette Blair, Maxine Mullins, Jane Black, Betty Jo Caudill, Betty Sue Arnold, Guialene Polley, Betty Grote, Betty Jo Green, Guialene Polley, Marie Childers, Audrey Justice, Dorothy Bashara.

The girls are learning to do the art work, typing

stencils, and operate the mimeograph machine. Experience in typing stencils is being secured by doing work for the different teachers. Each day two or three girls are given an opportunity to do some art work on the mimeoscope.

The staff room is well supplied with equipment, three mimeoscopes, three typewriters, two mimeographs, an electric and a hand operated one, and all the little accessories necessary to do the finest type of mimeograph work.

Six week's tests have just been finished. Watch for the handwriting on the wall. Now is the time to heed the warning.

P. H. S. Band

Mr. Wallace has organized and built the best band in history of school.

The Pikeville High School Band under the able direction of Mr. Cecil Wallace has emerged from its summer practice the finest and best organized band in the history of the school. The members were on hand for regular practice all summer five days a week, and in addition, a number of concerts were played in the City Park.

The regular band now has sixty pieces with all but two or three players in uniform. A new sousaphone has been added to the instrumentation of the band with excellent results. Several new uniforms have just been purchased. Funds for the purchase of the ~~new~~ sousaphone and uniforms have been raised by the band by various means. In addition, they raised about \$200 to pay for their music during the past year.

The performance of the band on the football field at each home game speaks for itself. The band with Johnny Red Caudill as major and the majorettes, Ruth Tackett, Constance Justice, Jane Hatmaker, Betty Abshire, and Mildred Burke, put on a show equal to that of the football team.

Last spring the High School Band was rated excellent at the district contest. In the State Music Festival at Lexington Jimmie Ramsey received a superior rating on the tenor saxophone; Cecil Wallace, superior, trombone and baritone; John Paul Runyon, good, oboe. These numbers were all rated superior in the district meet. Jimmie Ramsey and Cecil Wallace were sent to the National contest at Jackson, Mississippi, where Cecil received a superior, and Jimmie was given a rating of excellent.

The instrumentation of the

band at the present time is as follows:

CORNETS: Bill Hunter, Bob Coleman, Watts Crutchfield, John Ward, Rucy Culbertson, Jimmie Venters, Jack Roberts, Joyce Sanders, Lon Venters, Charlene Mullins, Ray Sisk.

CLARINETS: Oscar Billitter, Johnny Runyon, Mary Anna Parker, Joe Childers, Jimmy Hobbs, Yvonne Rodwan, Mary Doris Billitter, Rose Robinette, Katherine Edwards, Raymond Johnson, Dudley Maynard, Gene Donaldson, Jeff Ward, June Wiser, Harriet Butler, Jenny Willis, Mildred Barrett.

BASSES: Buddy Sisk, Linton Mullins, Junior Gannon.

SAXOPHONES: Betty Grote, Jimmy Childers, Billy Ramsey, Reinette Rodwan, Jimmy Ramsey, Bobby Johnson, Ellis Paul Howerton, Don Batten, Ann Danburg, Jimmy Hefner.

BARITONE: Cecil Wallace.

TROMBONES: Bill Tom Ashley, Graden Walter, Harry Warden, Nancy Robinson, Howard Hamilton.

DRUMS: Ernest Rogers, Jane Black, Dorothy Bashara, Jake Smith, Randall Roberts. They deserve community support.

Adviser Arthur L. Danburg

The Pike Hi News is out to hold its place in the spotlight. Last year it received a superior rating from the National Duplicated Paper Association, and was awarded the only superior rating for a mimeographed publication in Kentucky by the state press association.

The other clubs and organizations can come out and make a name for themselves, if just a little more action is put into their programs. Let's make a bigger record this year.

The subscription price of the Pike Hi News will be the same as last year, twenty-five cents. It is planned to print pictures of the students in the high school by classes during the school year. Don't wait until the end of the year and then expect to get complete sets of the paper because they will not be available. If you keep the copies of your paper for the year, covers will be on hand next spring for binding them.

Since this is the first issue of the paper, be sure to save it and start your file now.

Mrs. Helen Meador, who was in the high school last year, is teaching in the Junior high this winter.

ARE YOU AN ACTIVE MEMBER?

At the opening of the 1941-42 school year, the students have a great many reasons to feel proud of their school. We still have one of the finest schools in Kentucky with a faculty second to none. With an excellent school plant and teaching staff it is up to the student body to do their part in giving it a higher average scholastic standing and cooperate in the success of all activities.

Every student should take an active part in at least one school function. By "active" we mean doing something that is really worthwhile.

Some activities are making an enviable record. The football team has played five games and lost only one. The team is probably the strongest the school has had for several years. Basketball practice is now in full swing.

The first band has sixty pieces, well equipped and uniformed. Their playing, marching, and appearance should make every student feel proud enough to remark, "There goes our band." In addition, there is a large number of students in the orchestra and beginning band.

The debate teams are already getting prepared for their winter work. Last year they were defeating everything in this section of the state and sickness was the only thing that kept them from competing at Lexington.

FRIDAY AFTERNOON

It was a particularly bad afternoon. In fact, the morning began with one of those dreary fall rains. Everyone from Superintendent Oliver and the teachers down to the lowliest freshman was out of sorts.

Nothing much was being done--the wastebaskets were filled with those telltale balls of paper which indicated CARELESSNESS on the part of the students.

The football team was leaving to play Ashland--and one of the toughest games of the season. The fifty or so boys and girls, who had departed on the early morning train for the game, left the student body with a feeling of weakness and low morale. There was a whole hour speech scheduled in chapel to greet the students when they returned from their lunch period.

The day dragged on until the final bell of the afternoon, when the few faithful students and teachers, who had remained on the job, dragged themselves slowly homeward--their day a miserable failure. But the picture shows reported the best matinee business for the school year.

It was just another one of those FRIDAY AFTERNOONS.

THREE WINS OPEN SEASON

The Panthers won their first three games of the season with little competition.

The Panthers played their first game of the season on September 12 at Grundy, Va., winning with a score of 33-13. The Grundy team fought hard, but with Marley scoring three touchdowns, Smiley scoring one, and Denzil, one, the game was well in hand by the third quarter.

Pikeville defeated Russell 26-6 in the first home game of the season. With a seemingly unbreakable line and excellent blocking, the Pikeville Panthers plunged over for four touchdowns and two extra points with Marley Newsom carrying the ball twice, Damron, once, and K. L. Varney for the last touchdown.

In the third game of the season, the Pikeville Panthers smothered the Raceland team with a score of 44-7. Bales, Adcock, Newsom, Damron, Ishmael, and Hamilton scored for Pikeville. The Raceland team fought hard and seemed to be determined that they would not let Pikeville run away with the game. In the third quarter the Raceland team scored their first and only touchdown of the game. The game featured long runs and spectacular playing that kept the crowd interested. Although Raceland did fight back in the last quarter, the Pikeville Panthers took the game by a wide margin.

Coach Hatcher and Assistant Coach Lorentzson are due a lot of credit for the fine performance of the boys, who are in excellent physical condition.

ASHLAND BRINGS FIRST DEFEAT

A large number of students from Pikeville made the trip to Ashland recently to see the Panthers defeated by a score of 19-6.

It was a rainy day and the most important game of the year, but this did not keep the football fans from following the team to Ashland.

The game started off with both teams fighting hard, but the Ashland Tomcats plunged over for the first touchdown in the first quarter, then in the second quarter the Panthers fighting back with equal strength made their way to their own goal line with Estill carrying the ball made a touchdown, tying the score 6-6. The score remained unchanged until after the half.

In the third quarter each team seemed to be fighting it's level best and towards the end of this time Denzil Hamilton ran sixty yards for a touchdown. The Panther fans in the grandstand almost went wild until it was announced that the touchdown was disqualified because of clipping and the backfield being in motion.

The Panthers, outweighed and with inferior reserves, really outplayed the Tomcats but three bad breaks in the last two quarters of the game gave the victor to Ashland with a score of 19-6.

CHARLES SHOCKEY LOOSES TEETH IN FOOTBALL SCHRIMAGE

During football schrimage recently Charles Shockey met with a painful but unavoidable accident. The boys made a wild dash and it seems that Shockey ended up on the bottom of the whole gang. After everyone piled off, they found that four of Shockey's front teeth had been knocked out. His teeth had been knocked out before, but they had been replaced by a bridge. The teeth can be repaired, but, in the meantime, Shockey is still out after the old ball and his interest in the game has not been dampened.

The Sixth and Seventh grade boys have been having basketball practice for the past several weeks. These boys are being trained by Elzie Newsom in the hope that better material will be developed for future Panther teams.

THE HALLWAY HIKER

Guess I'll just wander over to school for a change to see what is going on.

Say! What's come over the place? I seem to notice a mystery in the air. Goodness gracious, look at all those boys with their coats on. And look, Clyde Hobson has his hair combed. The girls have their hair curled, their stocking seams straight, and their lipstick on. UM! Looks good.

Hey, what's going on? Help! you don't have to run over me just cause I ask you a simple question and the bell rings.

Well, looks as if the mystery is centered around the office. Jumping grasshoppers, they're taking pictures and I didn't wear my red tie. Not much happened except the camera tore up when Imogene Justice had her picture made.

Say, what's that racket I hear in Mr. Lowe's room? Well, I might have known it, it's just Tadpole and Mr. Lowe fussing over whether she is going to stay in an extra thirty minutes of her lunch hour because of the preacher talking too long.

Oh boy, there comes Mr. Oliver into Miss Lewis'

room. Yes, he is interested in a geometry problem that Betty Greene is explaining. Wow, he has the class all mixed up and me with my great knowledge of geometry. He won't stop, goodness, finally Miss Lewis got a word in to assign the lesson.

Ge, that made me hot and

thirsty. I'll just amble over to Pat's. Don't see anyone looking, do you? A voice: "Are you looking for me?" "No, Mr. Oliver, I'er, oh I needed a package of notebook paper from Pat's but I guess I can do without it." Whee, that was (Continued to p. 10, col.1)

INTERIOR OF HIGH SCHOOL PAINTED BY COLORED BOYS

The interior of the high school building is being completely repainted by the students in the industrial department of the colored school. Two rooms on the first floor and the band hall in the basement have been finished.

The funds for this work were earned by the students by selling magazine subscriptions for the Crowell-Colliers Company, and the Curtis Publishing Company. The youngsters earnings for this work amounted to about \$125.

In addition, there will be the usual booths, shows, and thrills for those who want to have a rousing good time. The program will be held in the High School Building.

The band will have something new to show you in their performance on the field tonight at the Belfry game. Each member of the band has a lamp on his cap and they plan a spectacular show for the fans.

Well, I just can't understand how we could possibly make a touch-down with the backfield standing still, but they

The Multigraph is a kind of duplicating machine. Type is used with this equipment similar to printer's type instead of stencils.

PANTHERS RANK HIGHEST IN BIG SANDY CONFERENCE

By defeating the Tiger team 26-7 at Paintsville, Friday afternoon, November 14, the Panthers won the Big Sandy Conference title.

The Panthers scored during the first few minutes of play after recovering a Tiger fumble. Ishmael carried the ball, and also made the extra point. The Tigers came back strong but were unable to move the strong forward wall. Later in the quarter after much hard fighting Ishmael again went over for a score on an off-tackle play. The extra point was unsuccessful. At the half the game was 13-0.

The third Quarter began with the Tiger's kicking-off to Pikeville, who took the ball and came back up the field driving hard. When they reached mid-field the line opened up and let Hamilton through for a touchdown. Ridenour plunged for the extra point. Again Ishmael got thru for a touchdown in the opening minutes

of the last quarter. The extra point failed.

In the closing minutes of the game Brown of Paintsville threw a "sleeper" pass to Honaker who went over for the Tiger's only touchdown. Brown's conversion was good and the game ended a few minutes later with Pikeville in possession of the ball Pikeville winning 26-7.

PAINT INTERIOR H. S. BUILDING

The interiors of all the classrooms in the high school building have been painted during the past couple of weeks. The boys from the Industrial department of the Perry A. Cline Colored School have been doing the work.

The funds to pay for the paint were earned by the students in the recent magazine sale and the Hallowe'en Carnival.

Pikeville Kiwanis Sponsors Key Club

The Pikeville Kiwanis Club has organized a "Key Club" in the High School. The club has a membership of fourteen boys who are interesting themselves in community problems. The membership is limited to twenty members -- eleven seniors, five juniors, and four sophomores. All new candidates must be suggested and approved by the entire group. Jimmie Childers is president.

In addition to the meetings at school, the club holds at least one luncheon each month at Louis' Cafe. Several members of the Kiwanis Club always attend these luncheons.

The boys took an active part in working at the polls by passing out literature and encouraging the voters to support the bond issue for the City Park.

ACCREDITING AGENCY WILL INSPECT SCHOOL

Soon after the first of the year a committee of nine men from the Southern Association of College and Secondary Schools will visit the Pikeville High School. This committee will inspect every phase of the school and its work. These men will decide on Pikeville's position on the accredited list. HALLWAY

HIKER

Hello, Everybody! Gosh, I hope you all don't mind having a substitute writer for this column this month. I'm Sallie Scipper, your Hallway Hiker's best girl friend, except when he's steppin' out on me, and I've been given his column this month cause, well, he met with an accident. You know, the Paintsville game, of course. Boy, that was a real game, wasn't it! Anyway, he's on the football squad and one of the Paintsville boys decided that he was too good looking and as a result here's me doin' it.

Everybody says the teachers had a good time in Ashland at E.K.E.A. Look's like the students did "ok" for themselves. Friday morning found the "Panther's Den" filled up to the brim, and talk about the courtin' that went on. If you don't believe me just ask Johnny Red about that awful shade of lipstick his girl had on. Everybody felt that the shade just wasn't becoming to him at all!

The other afternoon when Mrs. Howard was keeping Study Hall there seemed to be a certain group of girls protesting against being kept in, because they were just about a minute or two late to school. (What was I doing there?) Well, my feller has been trying to teach me all the ropes on how to evade the teachers, but it seems that I got my ends tangled. Anyway, a

THE OLD MAN AHEAD OF YOU

Recently the following paragraph appeared in a life insurance advertisement: "There is an old man ahead of you that you ought to know, He has your eyes, your nose, your walk. He talks like you, acts like you, thinks like you, and whether he hates you or loves you, respects you or despises you, depends on YOU. For you made him. He is YOU!"

Today you have the opportunity to invest in that old man ahead of you. What you do now will determine what the old man ahead of you will be. No man ever regretted a single day spent in the classroom, but many have lamented the numerous opportunities they passed by in their youth.

HOW TO MAKE MONEY

Every man wishes to make money. Here is the surest and safest way. Make yourself useful. Don't gamble, don't speculate, don't try to get something for nothing. Give useful, conscientious service. Do each job that comes your way the best you can. That's about all there is to it.

-- Selected

"Very well, let's agree that this world is very disappointing in some of its phases, but where do you suggest we move to?"

"Thank God for the exuberant conceit of youth! Without it, boys and girls of 17 might droop and pine away and perish at the frightful prospect that some day they will be as dumb as their parents."

certain little black headed girl who is seen standing with Smiley at noon popped up and said, "Well, here it is 10 past 4 and no Mrs. Howard. If she doesn't come pretty soon, I think we all ought to leave." Just at that moment in walked Mrs. Howard, saying that her feelings were really hurt because the young lady did not want to stay and keep her company when sometimes she got so lonesome. Yes, we still do have young ladies who turn as "red as a tomato" with such remarks, because "seeing is believing."

The other night over at the "Den" somebody came in asking where they could find Shockey, they had to see him. The answer popped up somebody said, "Oh, you'll find him and Frances at home minding the baby."

It seems as if "Slow Down" has become the Seniors, Juniors, and Sophomores theme song to the Freshmen. When the bell rings the Freshmen all take off in such a hurry that almost everybody else waits in their rooms until they reach their destinations. Mrs. Howard fusses at the Juniors for being so slow. May be we ought to bless her with a room full of those fast

Freshmen.

It's becoming a great trial as to who does the most "courtin'" in and out of school. I nominate for first prize Edwin Layne and Betty Deskins.

Goodness, it's nice to have the building all heated up agin! Yet it does take away that good old excuse

"I've got a cold and I was afraid to come in that old cold building." But now the have a new one, "The steam heat was so stuffy that they just couldn't breathe," so they had to go home.

I must go see my "Hallway Hiker"--you remember what I told you over on page 4.

Panthers Chalk-up Three Victories

On October 17 the Panthers having already won four of their first five encounters under varying conditions turned into "mud-dogs" to defeat a fighting Belfry team 34-0.

Ishmael was the apparent "star" of the game after his brilliant 75 yard kick-off return for the first tally of the game.

The Panthers then dug their cleats into the mud to score four more times before the final gun.

Hamilton and Damron held the scoring honors. The powerful Pikeville line showed their strength for the first time by holding the Pirates scoreless. This was the first game in which the opponents were scoreless.

JENKINS

The Panthers had what looked like a track meet against the Cavaliers of Jenkins on October 24. This time the Pike Hi boys came out at the top of the heap by the score of 55-0.

The scoring honors were spread evenly among the men in the backfield with Hamilton and Damron slightly over-shadowing the others.

The Panthers probably reached the climax of the season in this game. It seemed that everything they tried worked perfectly. The backs were running nicely behind the fine blocking of the best line has been seen

in this part of the state in many years. The Cavaliers supposedly a strong passing team, were never able to get a pass off because of the charging line.

FLEMING

On Friday night, October 7, the Panthers journeyed to Letcher County to engage the Fleming Pirates. The local boys were again victorious by the score of 21-0.

To the fans this seemed like quite a let-down in comparison with the game played against Jenkins the week before, but it seems that the boys were due a little let down after that game.

Ishmael and Ridenour did the scoring over the wet, wind-swept field. One of Ishmael's touchdowns was made on a beautiful run from mid-field.

Buzzin' Around

BY THE GIDDY-GADFLY

Well, my dear hep cats here we are again, knowing you wish we weren't.

Have you heard the latest? Russell "Waltzing" Damron seems to have his eyes on Fern Edmonds -- or do you, Rut?

Speaking of robbing the cradle, well Jimmy "Speedy" Childers and Johnny "Shorty" Runyon have the world beat and I do mean "eight to the bar." They were in the show with Mary Lou "Ballet" Meadows and Betty "Bigmouth" Scott. All of the girls are green with envy.

The trend now-a-days seems to be having the appendix taken out--well, I guess I would too if I could be carried up and down stairs by handsome football heros.

It looks as if Dot "Papoose" Hoskins and Mildred "Jitterbug" Smith are the star Boarders at "The Panther's Den." They are there from the

time it opens until it is closed for the night.

What boy paid another boy \$1 to get him a date with Billy "Cutie-Pie" White?

Can you hear the dogs "barking?" If you can't, ask Adcock, Anderson, Wisner, Shockey, and Damron -- they can hear them -- but

"Andy, darling" Lorentzson has joined the Glee Club. Another Nelson Eddy, no doubt?

Jane "Jinx" Black and Betty "Tadpole" Caudill are getting awfully nosey. Betty Jo "Flirty Gertie" Green is going to start leaving the shades up for their benefit.

Jane "Strut" Hatmaker and Harry "Bashful" Warden's romance has "gone with the wind." Jane is now courtin' Jr. "Geometry Shark" Runyon.

Some bright Chemistry pupil would like to know which

is going to wear out first "Mr. Stratton or his suit?"

Imogene "Shorty" Justice seems to be beating all the other girls' time with Jr. "Handsome Goodson.

If you can't take it, we won't mention your names again. So help us!

Twelve seniors played their last game for Pikeville High School against the Paintsville boys. They are, Tom Bales, Eugene Anderson, Captain Bruce Elliott, Elster Elswick, Arthur Larson, Anderson Ridenour, Denzil Hamilton Estill Ishmael, Smiley Dameron, Fappy Steele, Charles Shockley, and Clem Wiser.

**ANDERSON AND ISHMAEL
ON ALL-EAST SQUAD**

Along with Coach Hatcher, who was elected to the All-East staff as second coach, Eugene Anderson and Estill Ishmael have been selected to represent Pikeville on the squad. Tom Bales was chosen as first alternate and will probably be called up for service.

These boys will play in a charity game at Lexington on November 29.

Any of the students who think Superintendent Oliver can't sing should have seen him with a clothes pin on his nose singing "Onward Christian Soldiers" to a spellbound audience at Salyersville last Monday night.

SCHOOL CLOSES FRIDAY NOON

This year the Pikeville City schools will finish up their work before the Christmas vacation with parties in their homerooms at 10:30 on Friday morning.

They will not be called back to their duties until Tuesday, December, 30.

PIKE HIGH NEWS ENCOURAGES BETTER CHRISTMAS DECORATIONS

Each year on the Friday before Christmas vacation the students in the various homerooms have Christmas parties and play Santa Claus.

In each homeroom the students draw names so that

everyone in the room will receive some gift. This gives them all a good start for the Christmas holidays.

This year in order to encourage a little more interest in decorations in the rooms, the Pike Hi News is offering two cases of Pepsi-Cola to the best decorated Christmas tree in the high school. This same offer is also made to the Junior high rooms.

Since the original announcement was made there has been a good deal of rivalry generated. The rooms will be judged by a committee of three - a senior, a junior, and a sophomore.

CHRISTMAS PARTY AT WRIGHT HALL

A Christmas house-party was held at Wright Hall on Wednesday evening. The girls were assigned to various committees that did all the planning and made the preparations.

The dining room was beautifully decorated and dinner was served at 5:30 by candle light.

Superintendent and Mrs. Oliver, Katherine Edwards, and Linda Lou Osborne were guests.

After dinner the group gathered around a Christmas tree in the living room of the dormitory, where carols were sung and the gifts distributed.

On December 15 and 16 Miss Duffey and Mrs. C. D. Wallace presented their piano students in recital at the high school auditorium. A good crowd of parents and students were present.

MISS SCOTT SURPRISES CLASS GIVES PARTY FOR TEST

Miss Agnes Scott gave her English 3a class a party as a test last Friday afternoon. Refreshments were served. The principal game was the "Battle of the Sexes" in which the girls won. The students liked the test.

COACH HATCHER RECEIVES RANK

The Courier-Journal conducted a poll to select the high school "coach of the year." The football coaches of Kentucky each cast one vote for the man they thought deserved this recognition. The coaches were asked to consider three points: (1) success of his team, (2) sportsmanship displayed by his team, and (3) sportsmanship displayed by the coach. Coach Hatcher received second place in the poll. Coach Ralph Mills of Hopkinsville received the largest number of votes and was selected "coach of the year."

TRAVEL CLUB PLANS TO MAKE TRIP IN THE SPRING

MAGAZINE PRIZE WINNERS
RECEIVE AWARDS IN CHAPEL

Last Thursday morning Mr. Oliver awarded the prizes to the pupils who assisted in the magazine sales several weeks ago.

Those receiving prizes were, Ellis Paul Howerton, Dudley Maynard, Charles McCoy, Billy Michael, Bobby Joe Newsome, Richard Trice, Johnny Walters, Garnet Davidson, Katherine Edwards, Ann Epperson, Janice Grote, Reinette Radwan, Inez Rich, Phyllis York, Olen Bartley, Paul Blackburn, John Paul Blair, Francis Burke, Betty Jane Charles, Earl Chaffin, Billy Elliott, Pauline Elkins, Garnet Hatmaker, Emogene Hardee, Jimmie Hefner, Eloise Hughes, Mary Mullins, Mary Anna Parker, Becky Ramsey, Vida Nell Runyon, Paul saad, Thomas Scalf, Ballard Stone, Mildred Smith, Delmar Sword, Mae Thompson, Billie Walters, Graden Walter, and

Geneva Wolford.

It would seem that all the boys are planning to be hunters as nearly all of them received hunting knives.

These awards were earned for selling subscriptions to magazines. The profits were used to paint the interior of the rooms in the High School Building.

Some of the novelists don't seem to care a hang what they do with their characters' eyes.

"Her eyes roamed carelessly round the room."

"With her eyes she riveted him to the spot."

"He tore his eyes from her face and they fell on the letter at her feet."

"Marjory would often take her eyes from the deck and cast them far out to sea."

"Their eyes met for a long, breathless moment, and swam together."

"He wrenched his eyes away from hers. It was a painful moment for both of them."

KHSPA NOTES

Jane Black of Pikeville selected for State Secretary of the Association.

Twelve Pikeville High School students attended the Kentucky High School Press Association meeting at Lexington on November 28 and 29. They were, Jane Black, Betty Jo Green, Dot Hoskins, Betty Sue Arnold, Maxine Mullins, Susie Batten, Betty Grote, Arthur Larson, John Paul Runyon, Walter Young, George Venters, and Mr. Danburg, adviser of the Pike Hi News staff.

The Pike Hi delegation left Pikeville early Friday morning arriving at Lexington about ten o'clock after John Paul's car had experienced two flat tires. More than three hundred students were registered at the convention. Discussion groups were organized on nearly every phase of high school journalism. The Department of Journalism provided the leaders for all these discussions.

At 12:30 a luncheon was provided at the student Union Building for the delegates. The big event of the convention was the Banquet at seven o'clock in the Blue Grass Room, at which no one

was permitted to make a speech. The group was entertained by the "Troupers," a company of players made up from the student body of the University.

On Friday morning individual papers were criticized at round-table discussions. This gave the young journalists an opportunity to find out just what was wrong with their papers and what they could do to improve them.

Pikeville was lucky to have Betty Grote as one of the members on the Nominating Committee and through her efforts Jane Black was selected as one of the candidates for State Secretary of the Press Association. At the student session held for the purpose of electing officers for 1942, Arthur Larson made an eloquent speech in Jane's behalf and she was elected to the office. This is the second time that a student of the Pikeville High School has had the honor of acting as State Secretary. In 1936 Paul Nestor, now a student at Berea, was elected to that office.

MOTHER--WHAT in the world is all this loud talking and arguing about in the living-room?

SON--Aw, Grandpa's trying to show Pop how to do my homework.

THE PRESERVATION OF OUR "BILL OF RIGHTS"

Today our country is engaged in a war to protect those rights and liberties that all free and peace-loving people enjoy. Now, more than ever before, the people are beginning to realize how important it is to protect our "Bill of Rights." They understand that we must never be defeated by Hitler or any of his partners in crime.

We have too much at stake to let anyone trespass on our rights and rule us in a dictatorial way. We must keep the privileges we now possess. If defeated by Hitler we will lose our freedom of speech and freedom of press. It would be a very unpleasant life to lead if we should have to speak in whispers so as to assure ourselves that we are not being heard by those who would throw us into prison. We wish to be able to express our opinions about our nation, state, county, and local affairs.

Therefore, we must all fight for our country which is so dear to our hearts, especially at this time. Our young men should enlist in the army and navy; our girls should take their places among the Red Cross which plays a great part in the curing of the sick and helping all in distress during war or disaster.

We must not forget Pearl Harbor. We cannot forget the men who were killed, the ships that were destroyed; we must take all this to heart and preserve our "Bill of Rights" so that our country will always be the land of the free.

PANTHERS WIN FIRST BASKETBALL GAME

The 1941-42 Panther basketball team opened the season Wednesday night with a close 49-48 victory over the Alumni.

The Alumni lead the Panthers throughout the first half and held a 32-22 lead at the end of the first half, but from the beginning of the second half the Alumni had to fight to hold even a slight lead and finally in the last few minutes of the game the Panthers pulled ahead and the game ended with a slim lead of one point.

The Newsome family had a big night with "Butch" leading the Alumni scorers with 29 points and Marley leading the Panthers with 15 points. Clem Wiser was the second high scorer for the Panthers.

Ishmael, Elliott, Wiser, Venters, and Newsome started for the Pike Hi, but most of the boys who are out for basketball had an opportunity to play.

The staff had a Christmas party Thursday afternoon in the staff room.

SEASON'S GREETINGS

D O YOU REMEMBER

When we had to stand in front of the class or in the corner for talking? Sure, and it still goes on, because Harry Warden had to stand up in English class the other day.

The time Betty Jo Caudill and Betty Jo Greene fried dog food for hamburger meat and then stayed out all afternoon to take "Castor Oil?"

When Dot Hoskins used to make straight "A's". You don't--well, we don't either.

When Mary Francis and Clem were so in love in the Fourth Grade?

The time Miss Terhune called Mildred Smith a "hen on a hot rock?"

When Dot Bashara used to give a party in the school room every birthday? Them days is gone forever!!!

The time Guialene and Russell fell off Betty Jo's porch in the middle of a good-night kiss?

When Bob Adcock quit Emily Ratliff because she wouldn't let him hold her hand in the picture show.

When Rosemary chased after Oscar Billiter.

How we were all so thrilled to go to the Seventh Grade and change classes?

When we first started having school dances. The shuffling feet -- 1-2 --- 1-2.

When Susie Batten wore boots with knives in the side.

When Betty Jo Caudill and Jane Black got double-promoted to the Freshman Class and none of their good friends would speak to them?

How bashful Bruce was when he first came to school down here from the Academy?

ADVENTURES OF TOM SAWYER PRESENTED LAST FRIDAY NIGHT

The students and patrons of Pikeville High School were entertained last Friday night by the "Adventures of Tom Sawyer," presented by the Dramatic Club under the direction of Miss Gladys Moore.

Aunt Polley (Frances Riley) was good at spoiling Tom's (Jake Smith) good intentions. Ingin Joe (David Dupont) was very impressive looking although he never spoke. It was amusing even though it was not comical when Joe Harper (Joe Childers), Huck Finn (J. C. Moore) and Tom attended their own funerals.

Mrs. Harper (Jane Black), Wider Douglas (Betty Caudill), and Aunt Polley carried on quite convincingly when they decided the boys were dead. Becky Thacker, Tom's sweetheart, was portrayed by Barbara Burke. Jim (Paul Disney) was Tom's little colored friend. Other characters were Amy Low (Marguerite Wiser), Alfred Temple (Ernest Helvey), Judge

Study Hall

"Wonder who started these blasted study halls?" is a pass-word to all the students around Pikeville High School.

If you meet a student with his face looking like six weeks of rainy weather it's a safe bet that he has been detained for something like forty-five minutes by some pedagoguc (if you don't know what that word means, look it up in the dictionary), and then he goes home to face his parents, who are storming at him because he hasn't come home after school to do the nightly chores, or she to help with the housework.

After eating supper and finishing the chores, the time being somewhere around 7:30 or 8 o'clock, he tries to settle down to get his lessons. About this time father comes in and decides he wants to listen to the war news. He, then, takes

himself to his room, where he finds baby brother in bed asleep and mother says he can't stay in there and have the light on.

After being driven from pillar to post until about 9 o'clock, he settles down to do some work and he finds that he has three hours of English, fifty-six minutes of Geometry, thirty minutes of History, and no time left for Shorthand.

Next morning he goes to class with all his English except the last exercise and as usual the teacher waits until the last exercise to call on him to recite. Then finding that he doesn't have it, she promptly proceeds to give him more study halls, and so it goes on day after day -- those shy--whispered conversations on the playground and in the school rooms about study halls. We wonder, will they ever cease to be?

There were some students sat alone,
All in a detention room;
It would have stirred a heart of stone
To see them sitting there alone,
As silent as a tomb.

Basketball Practice Begins

Under the direction of Andy Lorentzson the Panther Basketball squad began practice on November 24. A large number turned out for the first few practices, but the squad has now dropped to about fifteen boys who are coming out regularly.

The schedule for games for the season has not been completed because of the possibility of building a new gymnasium. Games were scheduled to be played before Christmas with Prestonsburg and Morehead, but they have been called off because of so much activity during this week.

The following boys are out for basketball practice: Marley Newsom, Anderson Rid-enour, Elster Elswick, Walter Young, Bob Hylton, Estill Ishmael, George Venters, Bruce Elliott, Clyde Hobson, Paul Shaw, Raymond Showalter, Don Bales, Larry Keathley, Junior Runyon, Clem Wiser.

Several of these men were regulars last year and will make a good showing in this season's games.

THREE PIKEVILLE BOYS PLAY ON ALL-EASTERN TEAM

Lard Anderson led the parade of Pikeville Panthers by making the All-State, All-East, and All-Conference teams.

Tom Bales came next by being selected for the third All-State team, All-East, and All-Conference. A close third was Estill Ishmael who received honorable mention for All-State, and making All-East and All-Conference.

Smiley Damron and Captain Bruce Elliott made the All-Conference team and received honorable mention for All-State. Lefty Hamilton received a place in the All-Conference team.

Although the East-West game at Lexington ended with a 0 - 0 draw, the Pikeville boys who played in the game deserve a great deal of credit for the way they conducted themselves in the annual classic.

Tom Bales, who was chosen as an alternate was called

in and had only two days of practice before the big game and yet he played a bang-up game featuring as the star in many plays.

Lard Anderson and Estill Ishmael also did some great playing. Lard was injured during the first half and was taken out of the game, but he was sent back in later in the playing. There were only a few minutes during the game when there was not at least one Panther on the team, and most of the time there were two.

All three of the boys received good looking gold watches and jackets for their services.

Betty Jo Greene really had a good birthday Friday. She went in Cack's Place and he held her down while all the others in the store spanked her. Cack remarked that Betty Jo is now one of the "Dead-End" kids. Gosh, I'll bet she enjoys eating from the mantel.

Buzzin' Around

WITH THE GIDDY GADFLY

We can't afford to talk too much this month because Christmas is coming. But, of course, we can't keep altogether quiet.

Susie and Bruce --- Oh, shucks! There I go again. I can't seem to get it in my head that they've quit. Dot and Bruce, I should have said.

What's this about the DUO-TRIO I've been hearing so much about? They seem to have a very good time after church. For further information see Pauline Moore, Jane Black, Rosemary Elliott, Harry Warden, Dan Forsyth, or J. C. Moore.

Flash!!!! From all appearances we'll have to change a statement -- Bruce and Susie again.

UH-huh. Clem and Elster, we saw you all with those Mt. Sterling cuties at Lexington. Just because you were in a big city you need not think you could escape our telescopic eyes.

Huh! Those Seniors think they are something flashing those new class rings around. They are well-balanced now but just you wait. The girls will soon be wearing rings too large for them and the boys will be wearing rings too small.

Betty Jo Greene had a sore throat the other day. Funny thing, Arthur had one too.

And then there's the one about the boy that stayed out of school one whole morning just to take a bath.

Bob Adcock has his own pet names for girls. Eh, Sugar!

Johnny "Red", Tom and Don Bales, and Howard Willis say their homeroom is over at "Cack's Place."

Helen Jean Anderson could not attend C.C. one Sunday night because she had company, and it wasn't a girl either, was it Jack Thomas?

While heating a chemical mixture the other day, the

room became very scented. Some bright student remarked: This doesn't smell like "Evening in Paris" so I guess you'd call it "Morning in Chemistry."

Oscar "I'm just as mean as you are" Billiter had a birthday and guess what? (Continued to p.12, col. 2)

CAACK HATCHER'S MODELS
SHOW LATEST IN LADIES' WEAR

Tuesday morning the students of the High School were entertained by Caack Hatcher's models, the football boys. They modeled the latest fashions in sport's wear, afternoon dresses, bathing suits, and evening gowns.

The famous models were Brucetta Elliott, Elsterlina Elswick, Charlene Damron, Russelline Damron, Jr. Goodson, Kathleen Varney, Pappalina Steele, Charlotta Shockey, Estilline Ishmael, Claudette Hobson, Bobolina Adcock, Larry Keathley, Anderson Ridenour, Henrietta Stratton, Arthur Larson, and Marlene Newsom.

After the show Mr. Oliver made the remark that there was one thing he noticed about all the models, "They

had very big feet." Imagine saying that about those dainty, little beauties.

BUZZIN' AROUND
(Continued from p.11, col.3)

Some of the girls sang "Happy Birthday" to him and did he blush. Oh, well, Oscar, we all have birthdays.

"Lard" Anderson may not make touchdowns during foot-

ball games, but he made a swell one in front of Caack's Place the other night. He was fighting over an umbrella of all things.

Those are good-looking jackets and watches, Estill, Tom, and Eugene. Wonder how long you'll be wearing the watches.

Do you remember how Mr. Oliver used to wear a straw hat from the time it stopped snowing until November.

BUILDERS CLUB GRANTED CHARTER

On Tuesday evening, February 17, the Builders Club of Pikeville High School was awarded their official charter by the local Kiwanis Club. The club is now officially recognized by Kiwanis International as a part of an organization of boys' clubs with charters in all parts of the United States and Canada.

The purpose of this organization is to train future leaders for our community, and it functions as a school service club. New members must be of high scholastic standing and a participant in some major activity either in or out of school. They must be elected to the club by one hundred per cent vote of the existing membership.

At the luncheon on February 17, the boys brought their girls as guests. The following Kiwanians and

wives were present: Mr. and Mrs. Lon Rogers, Mr. and Mrs. Kelly Hatmaker, Peyton Hobson, and Mr. and Mrs. Arthur L. Danburg. The charter was presented by Mr. Kelly Hatmaker, chairman of Boys and Girls work and was accepted by Jimmy Childers, president of the Club.

The Council elected as its officers: Bruce Elliott, chairman; Leroy Wakeland, assistant chairman; Audrey Justice, secretary; Betty Sue Arnold, assistant secretary and treasurer.

A system for policing the corridors has already been organized. The monitors appointed are to report disorderly conduct and require

Changes in Physical Plant Improves School Efficiency

During the past six months many needed improvements have been made in the physical plant of the Pikeville High School.

The greatest change has been wrought in the Library where it was badly needed. Mrs. Compton and Mr. Oliver have been working overtime. Several new pictures and a fine world map adorn the walls, all chairs have been repaired and several new ones added. Open shelves have been provided for encyclopedias and other reference materials.

The method of checking out books requires only the finding of the book desired, bring it to the librarian's desk, sign your name and you have your book. The elimination of the lower end of the library has been a big help. This room is now used for the librarian's office.

Many new books have been purchased, so if you are looking for some good books to read enquire about them at the desk. Quite a number of these are recent publications.

HIGH SCHOOL BAND HAS MADE MUCH PROGRESS IN FEW YEARS

Director C. D. Wallace organized the present high school band five years ago. Few students had any previous music training and nearly everyone in the present organization has received all his training from the director.

There are now sixty pieces in the band. Four new members have been added recently. The band is looking forward to the State Musical Festival at Lexington. They have previously attended two of these meets.

All funds for the maintenance of the band are raised by that organization. Last summer a new Sousaphone was added, which has greatly improved the band and added to its appearance. The band has made several public appearances recently.

Any students who may have suggestions to offer to the Council are asked to place them in the box provided for that purpose in the library.

SCHOOL AS USUAL

Yes, there will be school as usual, but there will be many changes which will affect it and its activities. The new War Time has already made itself felt with the school changing the schedule of work and opening at nine o'clock. Many other adjustments will come about as time goes on.

The new sugar rationing program has been placed in charge of the public schools and the rationing cards will be issued by the teachers. The teachers will be required to take this added responsibility. Every family that lives in this district must register at the school or no sugar can be purchased.

Radical changes in the subject matter taught may soon be apparent, such as the substitution of more shop work. In many cases school children may be turning out supplies and equipment for the government in the schools. Now more than ever before a sound education is fundamental to existence of both the individual and the nation.

STUDENT OF THE MONTH

The Key Club has instituted a practice of naming the outstanding "Student of the Month." Each month some student in the high school will be named as the "Student of the Month" because of some unusual activity or accomplishment.

This month Delmar Sword has been

chosen as the "Student of the Month." He is a Senior, who lives five miles from school, and walks this distance every morning and night. He has practically perfect attendance and is seldom tardy. During the recent snow storm he made his regular trip wading most of the way in as much as twelve and fourteen inches of snow and on time, when students living less than two blocks from school remained at home. Delmar, you are deserving of this award. We know great success in life awaits a boy of such courage.

An invitation is extended to every student and faculty member to make recommendations for next month. This should be done in writing, stating reasons for your choice. These recommendations will be turned over to the Student Council which will make the choice in the future.

THE WORST FOOLED STUDENT --

- Is one who thinks profanity strengthens his English.
- Is one who thinks his own case is peculiar.
- Is one who thinks cheating will win success in life.
- Is one who believes his own excuses.
- Is one who believes his own flatterers.
- Is one who thinks he can bluff and get by with it.

CHANGES IN PHYSICAL PLANT IMPROVES SCHOOL EFFICIENCY (Continued from p.1, col.3)

In all rooms and halls in the high school building cleaning, painting, and repairing has been the order of the day; and now everything shines like a new building. All the teachers and most of the students have taken part in this general clean-up.

SHORTHAND CLASSES USING NEW RECORDING EQUIPMENT

A new portable electric radio with record playing and recording attachments has been purchased by the Business Department.

This new equipment is being used principally in the Shorthand classes. Recordings are made of letters in the daily assignments and the students take the dictation from the radio. This gives the teacher more freedom to watch the students as they are writing.

A group of records has been secured which give instructions in the use of the telephone, application for an office position, and office duties such as handling callers.

It is also being used in band and in the grades.

SAVE TOOTH PASTE TUBES

The Key Club is collecting tooth paste and shaving cream tubes to be turned over to the government in the effort to salvage all useable materials.

In each room in the grades and high school will be found a small box in which you are to place the old tubes that are now cluttering up your medicine cabinets.

Every student is urged to aid in this collection. It may seem like a trifle to you, but if the millions of old tubes throughout the country are saved, it will amount to many tons of much needed and valuable metal. Do your part.

THREE BOYS INJURED IN AUTO ACCIDENT

On their way back from the County Tournament at Belfry, Thursday night, Shelbert Maynard, Harry Baldrige, and Ed McGloffin were injured in an automobile accident. It occurred about eleven o'clock when the car slid on the ice and skidded onto the John's Creek Bridge. It turned over and the top was smashed in.

The car, which belongs to Mr. Wick Hayes of Pikeville, was damaged badly. Spectators report it was "torn all to pieces." Shelbert Maynard was driving.

Harry Baldrige, as reported, was injured most seriously. His scalp was cut and bleeding badly. Ed Mc-

Gloffin suffered bruises and scratches. Mr. Godfrey Wheeler brought these two boys to the Methodist Hospital at Pikeville. Shelbert Maynard had a right shoulder injury and was unable to sit up in the car coming back to Pikeville. Junior Goff brought him to the hospital.

Paul Pruitt, bus driver for the Pikeville High bus, rendered first aid to the boys.

Traffic was delayed about fifteen or twenty minutes. Boys on the bus, used to take Pikeville students to the tournament, dragged the wrecked car to the side of the bridge so that traffic could go through.

DEBATE TEAM MAKES RECORD

The high school debate team is scheduled for a "round robin" session at Salyersville on Saturday, March 14.

The team, composed of Sam McCoy, Leroy Wakeland, Betty Jo Greene, and Betty Jo Caudill, has an enviable record for the year. They have debated eighteen times with Salyersville, Virgie, Dorton, Wayland, Cumberland, Prestonsburg, and Belfry, and has come out winner sixteen times. The only two decisions lost were to the negative team of Virgie; however, of the six debates with Virgie, Pikeville has won four.

The question being debated this year is, **RESOLVED:** that as a permanent policy every able-bodied male citizen in

P.H.S. LOSES FIRST GAME

The Pikeville Panthers lost their first round in the 1942 Pike County Basketball tournament held at Belfry beginning Thursday.

Pikeville played Virgie in the opening game, and after a hard fought game lost by a score of 44 to 35.

Bill Lucas was high-point man for the Virgie team; and Estill Ishmael, Elster Elswick and Clem Wiser each scored eight points.

The game opened with the following Pikeville men in the game: Estill Ishmael, center; Elster Elswick and Marley Newsom, guards; and Clem Wiser and George Donald Venters, forwards. Paul Shaw, Bruce Elliott, and Roy Roberts were substitutes.

Many students and local fans accompanied the team to Belfry.

MANY ATTEND P.T.A. SUPPER

The P.T.A. supper held at Wright Hall a week ago was a great success netting the organization a little over one hundred dollars.

This money is being used as in the past to provide warm school lunches, and shoes and clothing for underprivileged children in the public schools.

The next meeting of the P.T.A. will be held on March 17. Children in the grades will provide the program.

The Dramatic Club under the direction of Miss Lewis presented a play in chapel.

Buzzin' Around

WITH THE GIDDY GADFLY

Exams have put a crimp in school gossip. But, say kids have you heard about Shockey losing weight a few weeks ago? It was the week Frances was in Florida. But she didn't stay long and he has gained it back.

Bob Adcock has a swell new theme song:

Onward, go onward
Oh, time, in thy flight
Make the bell ring
Before I recite.

We heard the cutest joke the other day,

MISS MOORE: Now, children, if Napoleon were still alive today, what do you think he would be doing?

JAKE: Drawing an old-age pension.

Gee, we wonder what Betty Deskins and Ed Layne would do without each other? Whenever you see one you see the other. Oh well, they say love makes the world go 'round.

Have you seen Estill's new girl? We think she's awfully cute--for that matter --so does Estill.

Botsey Braid says that his brain is a wonderful thing. It starts working as soon as he gets up in the morning, and doesn't stop until he gets to school.

Spring must be coming because everyone has started writing beautiful poetry.

Example --

Eugene Anderson sat on a wall,
Eugene Anderson had a great fall,
All the king's horses and all the king's men found
Was a greasy spot and a hole in the ground.

Guess who this will refer to some day:

A dashing young fellow named Jim,
Drove his car with a great deal of vim,
Said he, "I'm renowned
For covering the ground,"
But now the ground covers Jim.

Wonder why it is that Helen Jean Anderson knows everything that's going on at the Academy before it happens.

Marley Newsome, haven't you learned that you can't court all the girls at once and get them all to swallow that same line?

Even the Freshmen have slowed down to a run going through the halls. It must be spring or love or something.

MY PET PEEVES

Johnny Runyon says that his pet peeve about dating is that his date always has to go in too early (?).

Botsy doesn't like this new war time? Because it doesn't get dark early enough. Now, what's that got to do with dating?

Bruce says that he doesn't have any peeve about dating and Betty Grote agrees with him.

Suzy says her one and only peeve is having to wait so long while her date is on his way. Jane Black says that that was her peeve too -- one time --

Marie says her peeve is that her date is late - and once didn't get there at all.

Dorothy Bashara says her peeve about dating is that she can't get any dates.

Betty Jo Greene's peeve is that she's dating the wrong guy!!!

Virginia Copeland says her peeve is not being able to get the one she wants.

Frances Riley says her boy friend always waits until about an hour before he wants a date to call up.

Joyce Henderson says she doesn't have any peevcs about dating what-so-ever!! Either she must be an unusual girl or she must be able to pick up some pretty swell boy friends.

Next time we will have Pet Peeves about our teach-

ers. If you have any you would like to voice, put them in writing and hand them to Betty Sue Arnold.

BETTY JO GREENE--Oh, Father, how grand it is to be alive! The world is too good for anything! Why isn't every one happy?

FATHER--Who is he this time?

FRIEND--A good deal depends on the formation of early habits.

HARD UP--I know it. When I

was a baby, my mother paid a woman to wheel me around and I've been pushed for money ever since.

"The process of thinking draws the blood from the feet to the head," an educator informs us. This explains, perhaps, why, in so many cases, if you think twice about a proposition you get cold feet.

HIGH SCHOOL GRADUATION EXERCISES FRIDAY, MAY - 15

Tonight the Pikeville High School will graduate eighty-five seniors at the annual Commencement exercises. The commencement address will be delivered by Dr. Ira M. Hargett, Pastor, Fourth Avenue Methodist Church, Louisville, Kentucky.

City of Pikeville Turned Over to Youthful Officials

For the first time in the history of the City of Pikeville the young folk were given an opportunity to show what they could do, if they were in charge of the city for a day. To celebrate National Youth Week, on April 30, the city officials turned over their offices to the young officials elected by the students of Pikeville High School.

The officers for the day were: Mayor, Ruth Anne Scott; Police Judge, Henry Davis Stratton; City Attorney, Clyde Hobson; City Clerk, Burdette Blair; Chief

of Police, Bobby Adcock, Members of the City Council, James Blumer, Becky Ramsey, Ernest Rogers, Paul Shaw, LeRoy Wakeland, Betty Jo Greene.

The officials met at the City Hall at eight A.M., and the elder officials "retired" for the day. The Chief of Police, Bobby Adcock, with his three selected policemen--Eugene Anderson, Junior Braid, and Charles Shockey--left in the police car to watch over the city. About nine o'clock the Mayor and council held a meeting. They (Continued to p. 3, col. 1)

selected as Fire Chief, Arthur Larson; a head of the gas and water departments and several others as street cleaner and his helpers. Having appointed the necessary officials, an ordinance that the trash be cleaned out from under the Kentucky Wholesale building was introduced and passed by the council. Clyde Hobson, city attorney, drew the ordinance and it was posted, becoming effective immediately. Bobby Rowe, street cleaner, got several helpers and got to work and before the middle of the afternoon had the trash moved out and the sidewalks cleared.

Police Judge Henry Stratton, sentenced three men for being intoxicated very effectively. There were several violations of the parking meters during the day and there were two or three fines of \$1 paid by the citizens who broke the law.

At twelve noon, the Mayor, Chief of Police, and Police Judge were guests of Mr. John DuPuy at the Kiwanis luncheon. At the luncheon

short talks were made by representatives of several of the youths' organizations of the community.

Several school children were placed in jail for loafing and other minor charges. Miss Dorothy Bashara was fined 10 cents; and Russell Damron was tried in court being defended by Miss Betty Caudill and prosecuted by Clyde Hobson. The charge was loafing during school hours around the drugstore. The result was that Russell was taken back to school for the afternoon.

At two o'clock the trial of Walter Walters started. He was charged with having neglected the youth of Pikeville. Both the defending and prosecuting attorneys showed that they were very capable of handling their jobs. This lasted for more than an hour. Mr. Walters was found guilty.

This ended the sessions held in court for the day. Jude Williamson entertained some of the students by taking them riding on the big fire truck to both ends of town and other places. This was quite a thrill.

The City of Pikeville was

well run by it's youth. Several favorable remarks were made on their ability to run the city and next year, and another year even greater interest will be shown in the project. It is planned that this shall be an annual affair.

TAKE A LOOK AT THE FUTURE

never would have guessed they would do that. You remember Charles Shockey, that crazy little boy who was always the vamp of the camp? Well, they finally got him and he is now living, as crazy as ever, on Fourth Street, Lexington. And they say Peggy Young is on her way to visit him now. And would you know it? Bruce Elliott and Suzy Batton never did get married as everyone thought they would. No sir, she up and eloped with that famous football star, Clyde Hobson. It certainly was a great shock. And speaking of football, you remember Ruth Anne Scott, that great girl athlete? Well, I had a letter from her the other day and she is doing fine with her football team she organized after inheriting \$100,000 from an unknown uncle. She says she is thinking of organizing a baseball team, too." All of a sudden our conversation ceased as I recognized one of my best friends coming in the door. It was Mildred Smith.

"What a pleasant surprise to meet you again after all these years," I said, "What are you doing with yourself nowadays?"

"Oh, I own the Smythe Fashion Store in New York and thought I'd come back home for a visit. I really didn't expect anyone to remember me. I taught jitterbug dancing for a few years, but it began to get me down, and I had to go to something less strenuous. I went to California for my health and I never dreamed of meeting up with so many of our friends. Smiley Damron, the Rudolph Valentino-Clark Gable boy, is sure hitting the high spots in the movies. Can you imagine Smiley and Mickey Sowards splitting up after six years of steady friendship? Right now he has been seen with that New York stage actress, Ruth Tackett. But all in all, he is just breaking all the girls' hearts as he always did. Speaking of actresses, Betty Ann Brooke decided to do a little herself, and is gradually getting there."

"Well, what do you know," said Thomas, "I can hardly see those 'pals' of mine in those different place."

It was a scorching day in 1952 as I was on my way to have my hair curled for a big dance to take place that night. As I walked along I noticed a brilliant new sign that read "Scalf Beauty Shoppe." I thought I'd give it a try and see if they could do something with my head. (Goodness knows something should be done, even if it had to be cut off). You can imagine my surprise when I met the owner of the shop. It was not one, but that giggling little boy I knew back in 1942, Thomas Scalf. "Well," I said, "you certainly have changed." Thomas was as surprised to see me; as I, to see him.

As he washed, on my hair we began talking of all our friends back in high school. "You remember Avonelle Ratliff and George Venters, don't you?" I said. "Well, they got married and now have two of the loveliest children. This can only be expected from that good-looking father of theirs. O, yes, Ed Layne and Betty Deskins decided that two could live as cheaply as one, and they said, 'I do.' Betty Grote and J. P., whom we all expected to get hitched couldn't get together, so she went her way and he went his."

"Well, I declare," said Thomas, "I

"We all are shocked at different times, I suppose. I never thought Dot Hoskins would ever marry and settle down. But it seems that Bennett Elliott changed her mind about it. She now has three boys and two little girls. You know I never could figure out which one of the Elliott family that girl was going to marry. Flo Wright has made another Florence Nightingale. She is a very famous nurse today and she is doing her bit for her country. Eugene Anderson, Estill Ishmael, Denzil Hamilton, and Anderson Ridenour have hooked up with Elster Elswick and his pro-football team -- doing all right for themselves too. "Well, well, and you know Walter Reed Young and Clem Wiser, those Romeo boys of P.H.S. They own the New York Night Club now in New York. Joyce Ann Henderson is their best comedian in their stage show every night. They say she puts the audience in the aisles. Avonelle Sowards is their star singer. Ruth Bevins and David Stratton got hitched and are getting along just fine. And by the way, several of our schoolmates decided to take up teaching. Dorothy Ford heads the music department at P. H. S., and Norma Lee Ratliff taught foreign language for about a year then went to Australia to get married, and Ruth Elswick succeeded Miss Richmond, teaching the First Grade. She always was sort of like those children, and they say she is very happy with her work. Junior Johnson is keeping house now while his wife works at the office. He says she doesn't know how to do anything around the house.

As my hair was being combed I told Thomas and Mildred that we would have to get together again soon

AWARDS RECEIVED IN DISTRICT AND STATE SPEECH EVENTS

The district speech tournament of the eastern part of Kentucky was held on March 27. There was a tie of four of the debate teams but Pikeville and Virgie were announced as the entries to go to state.

The other speech events were held on Saturday.
