The Panther

Kitty White

The Panther of '58

Foreword

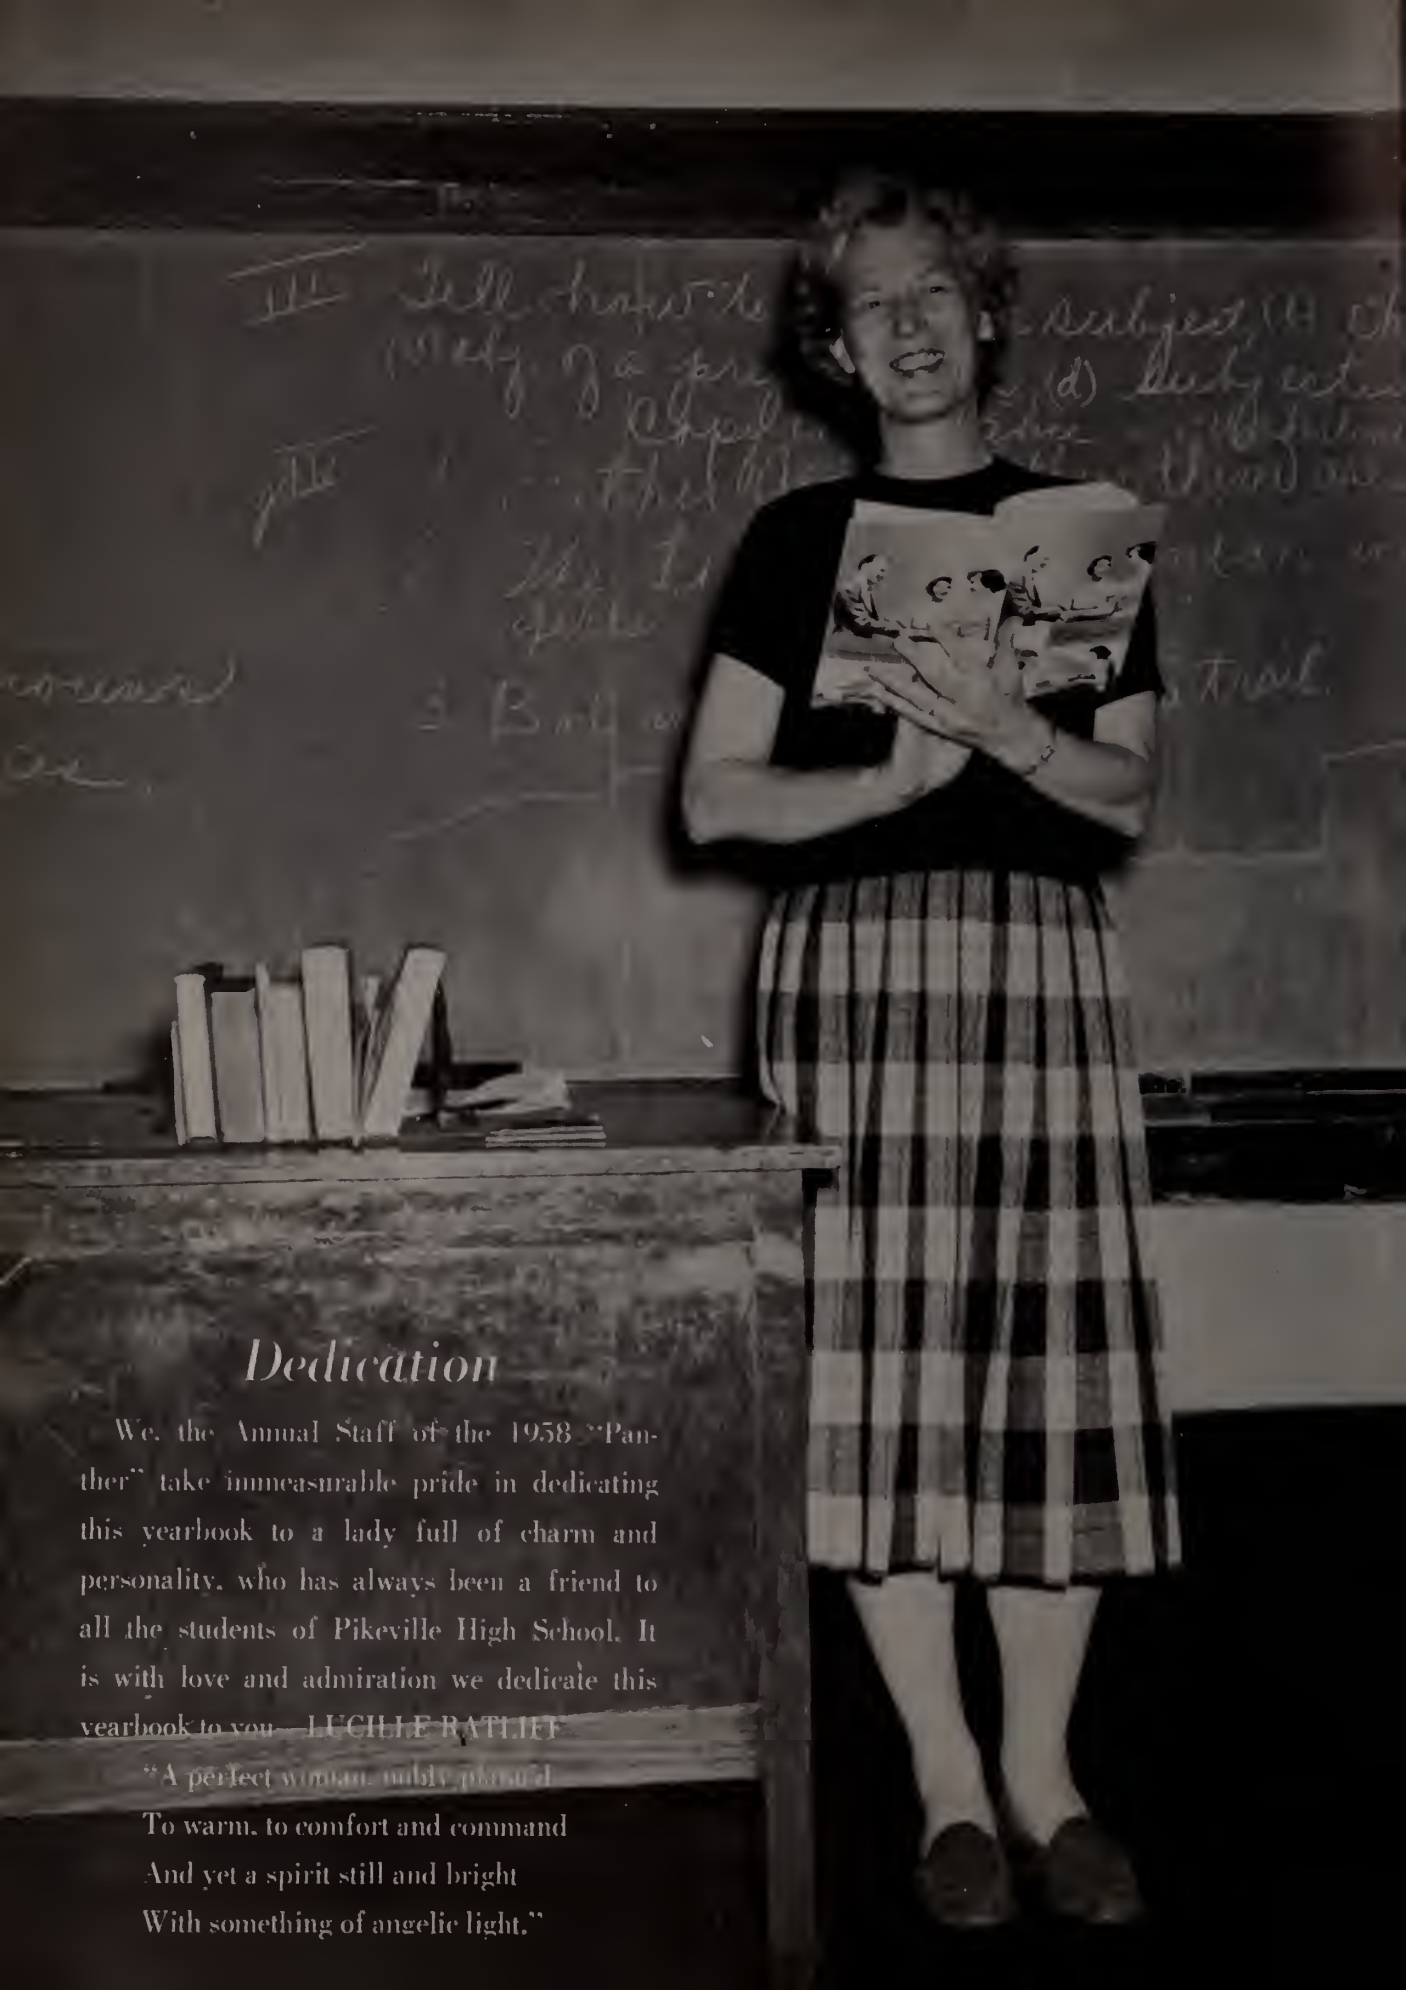

The end of another school year is drawing near. For some of us, it is our last year on the campus of P.H.S. But as time goes by, we shall never forget the fond memories we have here, the plans that we made here, and the friendships that will last through the years.

It is with pride that we offer this record to you, the students and faculty of P.H.S., your '58 PAN-THER.

Patty

Stratton

Editor

Dedication

We, the Annual Staff of the 1958 "Panther" take immeasurable pride in dedicating this yearbook to a lady full of charm and personality, who has always been a friend to all the students of Pikeville High School. It is with love and admiration we dedicate this yearbook to you—LUCILLE RATIERT

"A perfect woman, mild and kind,
To warm, to comfort and command,
And yet a spirit still and bright,
With something of angelic light."

Superintendent's Message

What you are and what you do in the years that now begin will be measured by your sincerity of purpose, enthusiasm, initiative, ideals, and your standard of values. Intellectual and moral courage must be a part of your lives; and you must have the courage to support the unpopular cause when conviction tells you it is right.

Look well upon your high school experiences. They contribute to your social, intellectual, emotional, and physical development. Once you have lived the joys of high school, you can never quite retrace your steps.

Darryl A. Bantz

Superintendent

*First row: B. P. Bogardus, Vice Chairman; May Shurtleff, Thadeus Scott, Chairman.
Second row: R. P. Call, Walter R. Wells.*

The Board of Education

Success is measured by the positive and constructive things we do, rather than by those things which apparently bring fame. As we look in the future, may our purpose be:

- (1) To offer an opportunity for higher education to the youth of our community.
- (2) Provide leadership in all areas of life.
- (3) Develop sound moral and spiritual values.

Principal's Message

The school year 1957-1958 is indeed a banner year for Pikeville High School. The success of any school, of course, depends on two main factors, the students and the faculty. I can say without reservation that I have never been associated with a more dedicated faculty. I can also say that the student body is of the highest caliber.

It is with great expectation that we look ahead to May, at which time we may turn our thoughts back to a year of great success.

Clyde Lenters

Principal

As the years pass, and you look back upon your school days, may you not think of them merely as a time set apart to master the three R's, but rather as a period in your life devoted to your physical, mental, and moral development. This is a period in which you will acquire friendships that money cannot buy, memories that time will not erase, and the development of a pattern of life that will bring the greatest of all rewards—when you hear the Master say, "WELL DONE."

Ivan C. McDaniel

Principal

Handwritten notes on a piece of paper, possibly a page from a book or a document. The text is written in a cursive or shorthand style, including words like "Sound Ge" and "1/4". The paper is held by two hands against a dark background.

Fealty Song

We are here our Junior High
To laud our glories to the sky.
Sons and daughters true,
And we'll stand by you.
We will wave our banners gay,
As we go marching on our way.
For to you our Junior High
We'll never fail—never fail
Hip! Hip! a Hip! Hooray!

symbol of progress...

As graduation nears, let's take a serious look at the past. We see that education has been largely responsible for the progress of our nation.

Why? Education is PROGRESS.

Today — more than ever before — industry, business and labor, all, know the true values of a good educational system. EDUCATION continues to stand as a true symbol of PROGRESS.
