This Was the Year

Foreword

It is not our desire in the publication of this volume to offer you an imperishable work of literature, but merely to record in simple and effective manner the deeds of our student days, so that in future life we may turn its pages and revive memories of the joys and sorrows of our days at Pikeville High School, the personalities of our Faculty and fellow students.

The compilation of this book has meant work, and we, the annual staff of the 1959 Panther, extend our appreciation to the Faculty and student body which have made possible the presentation of this volume of the PANTHER.

Administration

Superintendent

HARRY A. BANKS

A Man who has elevated the educational standards of Pikeville High School because of his foresight and great vision.

A Friend who has exemplified sincerity, kindness, generosity, and deep interest in the work of the faculty and student body.

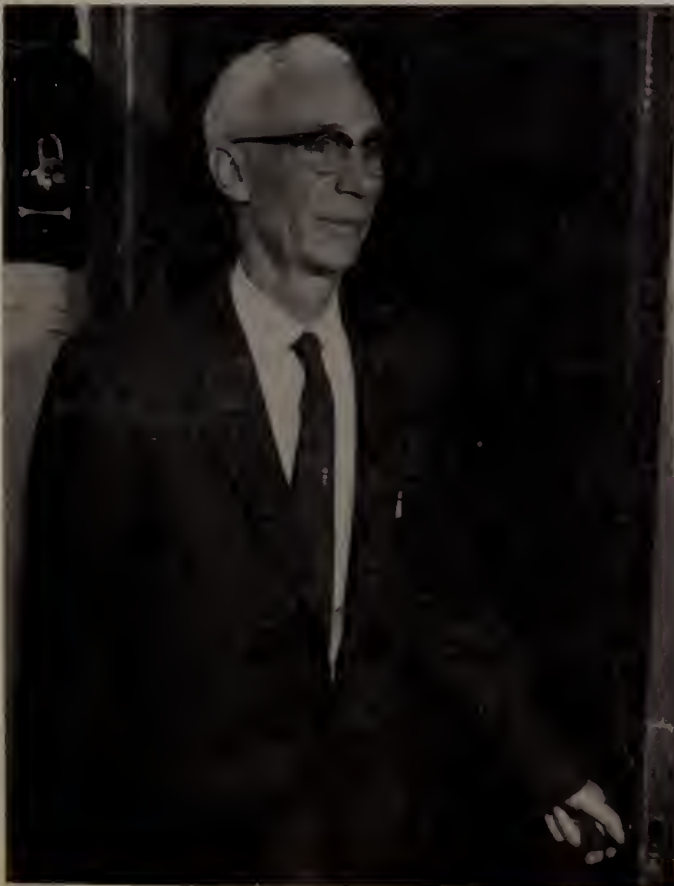

A Superintendent who has displayed firmness, tempered with understanding, in all his decisions.

An Administrator who has won the respect of teachers and students alike by his progressive thinking.

Principals

This school year will go down in history as the most progressive and successful of all the years since our school was established. The success of a school is measured by the quality of its students. Without an outstanding faculty, such as we have, the success which we have enjoyed would not have been possible. Our philosophy is centered around the idea that "Education is Growth"—God give us strength to grow.

CLYDE SENTERS

What we are tomorrow depends very much upon what we do today. Therefore it is necessary that we begin early in life to prepare ourselves physically, mentally, intellectually and morally for the days that lie ahead. Be able to meet the future with an unfaltering trust and have it said of us, "A LIFE WELL LIVED."

We salute the teachers of the Pikeville City School. If you have sought to love those you taught, if you have been thoroughly prepared for all of your assignments, and if you have demonstrated unlimited charity toward those you taught, we feel sure that you have had a happy and successful year in feeling that through your efforts you have helped the schools to keep us FREE. Remember—"the teacher is the real soldier of democracy. Others can defend it, but he can make it work."

"For us who knew you, dread Age is past!
 You took Life, tiptoe, to the very last;
 It never lost for you its lovely look;
 You kept your interest in its thrilling book;
 To you Death came, no conqueror, in the end—
 You merely smiled to greet another friend!
